

Double Door Supplement ASSEMBLY INSTRUCTIONS

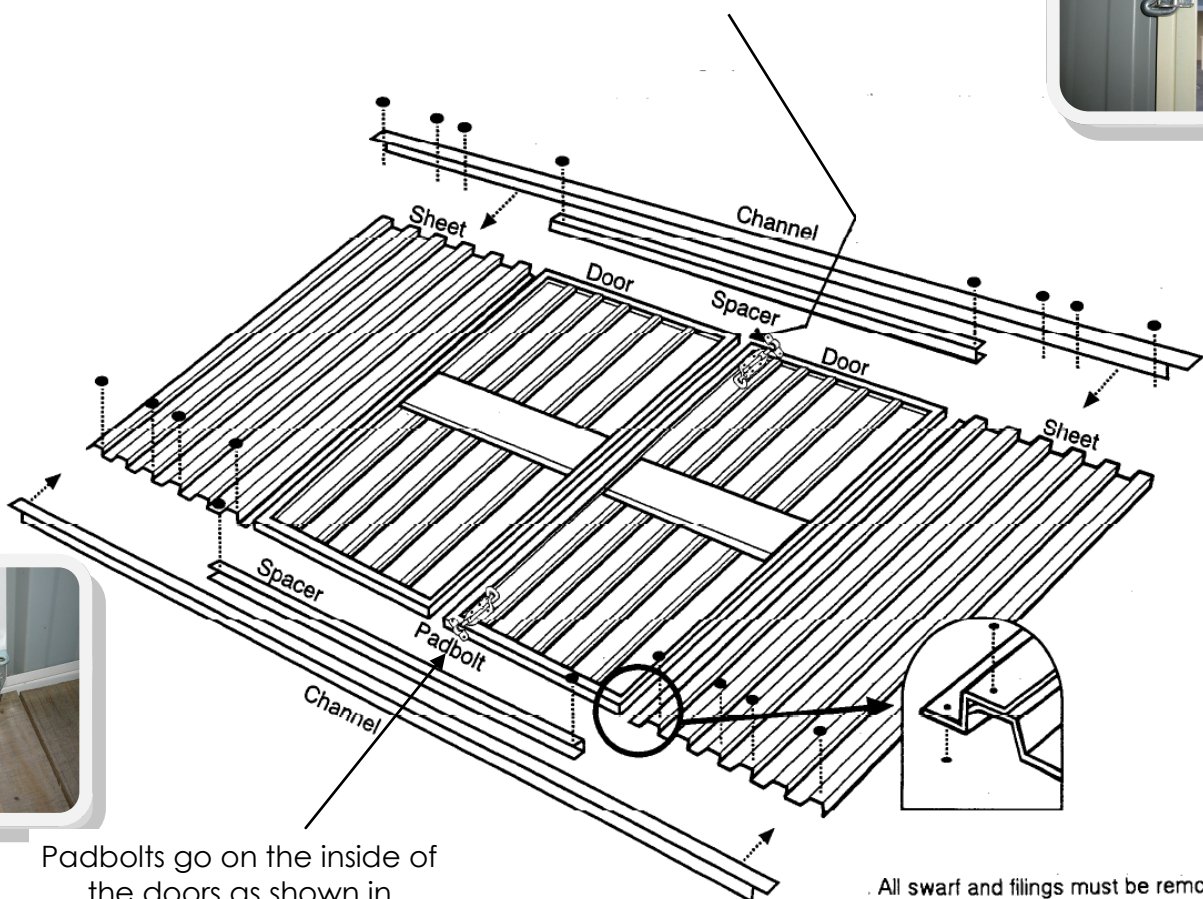

Please read these instructions in conjunction with your standard shed instructions

You will receive:

- ⇒ 1 x Extra (secondary) Door
- ⇒ 2 x 1586mm door spacers in lieu of 793's
- ⇒ 1 x Double door padbolt pack with 2 extra padbolts and fixings

The extra door will have a "Z" shaped door jamb attached to it. Make up the front panel as per your shed instructions, except using the 2 doors instead of 1 and (in most cases) 1 less sheet. 2 extra padbolts are fitted to the tops and bottoms of the inside of the secondary door as shown in the pictures. Fixings need to go from the outside thru the "Z" door jamb and from the inside thru the door frame (channel). The padbolt keeper is attached to the top channel and bottom channel if needed.

Note: Extra door has the door jamb attached.
This door will open secondary

Padbolts go on the inside of the doors as shown in pictures

All swarf and filings must be removed
